2 News

2.1 14 Feb, 2013: release 0.5.0 available

This release introduces webhcat (a web services API to HCatalog), artifacts published in the maven central repository, and many improvements and bug fixes. Release Notes are available at the download site.

2.2 16 May, 2012: release 0.4.0 available

This release adds support for reading and writing from Hive, switches HCatalog to use Hive's SerDe interface instead of HCatalog specific StorageDescriptors, and adds experimental support for HBase. Release Notes are available at the download site

2.3 02 Oct, 2011: release 0.2.0 available

This is a first release of Apache HCatalog. Release Notes are available at the download site
