JaxMe 2 Mailing Lists

JaxMe 2 is supported through mailing lists

1. JaxMe Developers

Currently this is the only mailing list. As there is not too much traffic, it is shared by both JaxMe users and developers. If traffic grows, we'll create a separate list jaxme-user in the future. The mailing list address is jaxme-dev@ws.apache.org. Subscribing and unsubscribing works by sending mail to jaxme-dev-subscribe@ws.apache.org, or jaxme-dev-unsubscribe@ws.apache.org, respectively. This list is receiving SVN notifications.

Searchable archives of this list can be found on http://mail-archives.apache.org/eyebrowse/SummarizeList?listId=172 and http://marc.theaimsgroup.com/?l=jaxme-dev.
