Welcome to the Feeder Plugin Example

Table of contents

> **Warning:**
> This plugin is at an early stage of development, some features are not yet complete and the techniques for using it may change. Patches are, as always, welcome

1. Apache Forrest - Feed Plugin

This is an example site for the Apache Forrest Feeder Plugin. It provides examples of all the functionality in the plugin (look on the samples tab).

1.1. Working Features

1. Embedding of an RSS feed in a Forrest page

1.2. In Progress Features

1. Aggregation of multiple feeds into a single page
