

# Hadoop Top Level Project Mailing Lists

## Table of contents

1 General.....	2
2 User.....	2
3 Security.....	2

## 1. General

The general mailing list is for discussion of Hadoop-related issues that are not specific to a Hadoop sub-project. All Hadoop releases are announced on this list.

**Note:**

This mailing list is **NOT** for end-user questions and discussion. Please use a more-specific subproject's -user mailing list for such issues.

The Hadoop general mailing list is : [general@hadoop.apache.org](mailto:general@hadoop.apache.org).

- [Subscribe to List](#)
- [Unsubscribe from List](#)
- [Archives](#)

In order to post to the list, it is necessary to first subscribe to it.

## 2. User

The user@ mailing list is the preferred mailing list for end-user questions and discussion.

**Note:**

Please use the specific subproject's -dev@ mailing list to address developers on a specific technical question.

The Hadoop user mailing list is : [user@hadoop.apache.org](mailto:user@hadoop.apache.org).

- [Subscribe to List](#)
- [Unsubscribe from List](#)
- [Archives](#)

In order to post to the list, it is necessary to first subscribe to it.

## 3. Security

The security mailing list is a private list for discussion of potential security vulnerability issues. Please post potential security vulnerabilities to this list so that they may be investigated and fixed before the vulnerability is published.

**Note:**

This mailing list is **NOT** for end-user questions and discussion on security. Please use a more-specific subproject's -user mailing list for such issues.

The Hadoop security mailing list is : [security@hadoop.apache.org](mailto:security@hadoop.apache.org).

In order to post to the list, it is **NOT** necessary to first subscribe to it.
