Apache Mahout - Developer Resources

Grant Ingersoll

Table of contents

1. Making a Contribution

Mahout is always looking for contributions, especially in the areas of documentation. See the Wiki for details on contributing.

2. Source Code

The source files are now stored using Subversion (see http://subversion.tigris.org/ and http://svnbook.red-bean.com/).

```
svn checkout
http://svn.apache.org/repos/asf/lucene/mahout/trunk
lucene/mahout/trunk
```

3. Documentation

Javadoc documentation is available for the Core module.

4. Issues

All bugs, improvements, patches, etc. should be logged in JIRA.

5. Continuous Integration

Mahout is built on a nightly basis on Hudson.
