For a detailed presentation of the WSRP protocol, read this paper presented at XML 2003: [Enabling Interactive, Presentation-Oriented Content Services Through the WSRP Standard](#)

The OASIS specification is here: [WSRP 1.0 Specification \(PDF\)](#)

For an overview of the architecture of WSRP4J, refer to the [Architecture](#) section on this web site.

1. Getting WSRP4J

The WSRP4J project is currently in [incubator](#), so we are not publishing formal releases. However, you can still obtain the code from CVS. Refer to the [CVS](#) section for details.

2. Installing WSRP4J

Refer to the installation instructions [here](#).

3. Running the Swing Consumer

Refer to the SwingConsumer execution instructions [here](#).

4. Configuring the Proxy Portlet

Refer to the ProxyPortlet configuration instructions [here](#).

5. Getting Help

Please [subscribe to our mailing list for users](#). This is where you can post questions about WSRP4J. If you'd like to participate on a more technical level, [subscribe to our mailing list for developers](#).
