

To Do List

Tasks for

1 high

- **[test]** check current 2.0alpha2 release and report problems #
- **[dist]** check if we can distribute all jar files #
- **[samples]** samples (we need to decide what does in and what is not to be in release -as nobody works on JCA or EJB samples AFAIK) #
- **[samples]** samples are crucial to show what WSIF can do and how to use it #
- **[misc]** etc #

2 medium

- **[misc]** etc #

3 low

- **[misc]** etc #
