Infrastructure

svn commit access to your project

username@apache.org – forward mail to your account

ssh access to people.apache.org

<http://people.apache.org/~username>

Depends on your project:

- get access to continuous integration (e.g. jenkins)

- get elevated privileges in JIRA project

Stays the same: Your JIRA/Bugzilla account itself, wiki accounts etc.

## Apache Lucene 4.0

Neue Features im Überblick

Text: Uwe Schindler

Apache Lucene geht in die nächste Runde: Lange Datentypen und Strukturen zur Ablage des Index, die in der Version vor 13 Jahren vorstellte, wurde dieses Format in der langjähriger Entwicklungszeit erscheint nun parallel zu Lucene 4.0. Neben dem Update des Indexformats auf ein neues gibt es aber auch noch viele andere Neuerungen: Indexieren mit abgelegt werden können, ist es auch möglich von Lucene durch moderne Varianten wie BM25 zu wechseln von neuen Codeds und Ranking-Funktionen ausgehend.
