

OpenOffice.org Inaugural Conference 2003

Curtis Sasaki

VP Desktop Solutions, Sun Microsystems

Thank You!

- To the
 - millions worldwide using OpenOffice.org
 - project leads
 - marketing project
 - native language projects
 - QA project
 - porting project
 - localizations
 - all contributors
 - Sun StarOffice team

for making OpenOffice.org what it is now!

Thank You!

- To the speakers and all of you for attending
- To our sponsors

- To the conference team around Stefan Taxhet

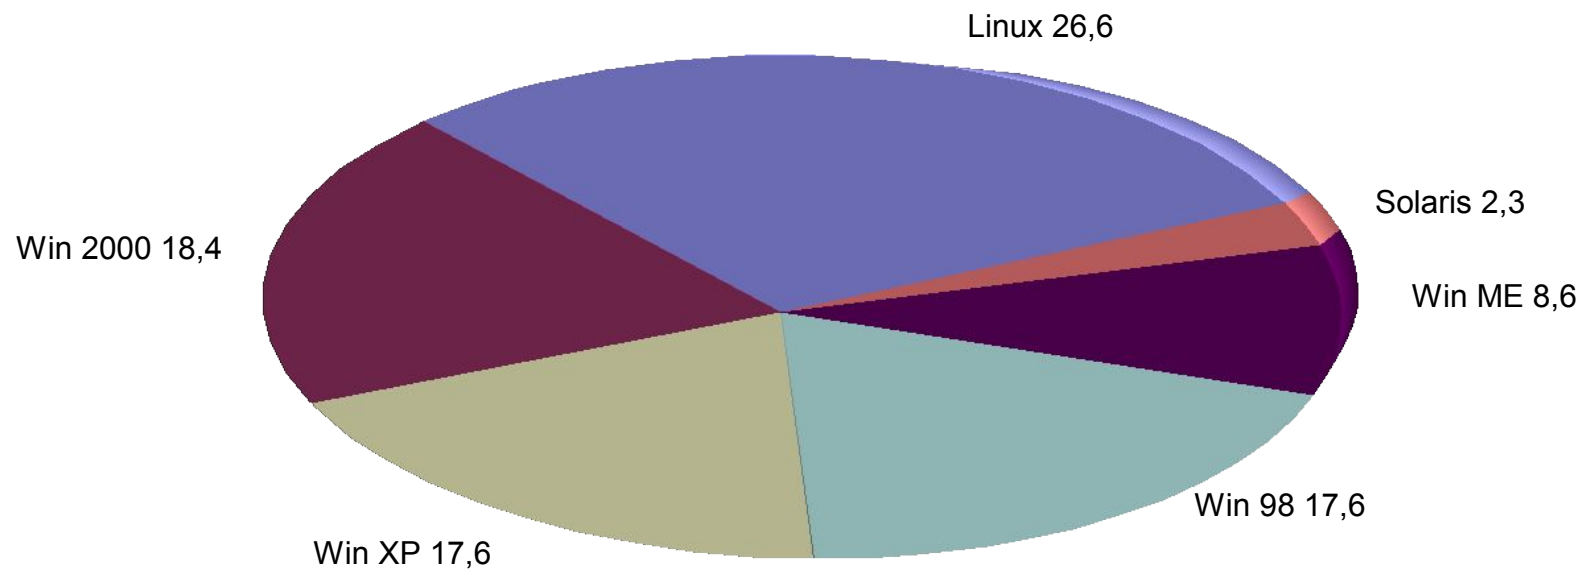

Trends in the community

- # of developers who have switched from programming to Windows and moved to Linux >29% (Evans Data)
 - 6.7% were Windows XP
 - 10.6% were Windows NT
 - 12.5% were Windows 95/98
- OpenOffice.org developers:
 - 20% consider themselves ISV developers
 - 25% surveyed work for companies with more than 100 employees
 - Windows and Linux considered equally important
 - Over 16% want to contribute to macros development, 11% extending features via components, and 10% converting VBA macros

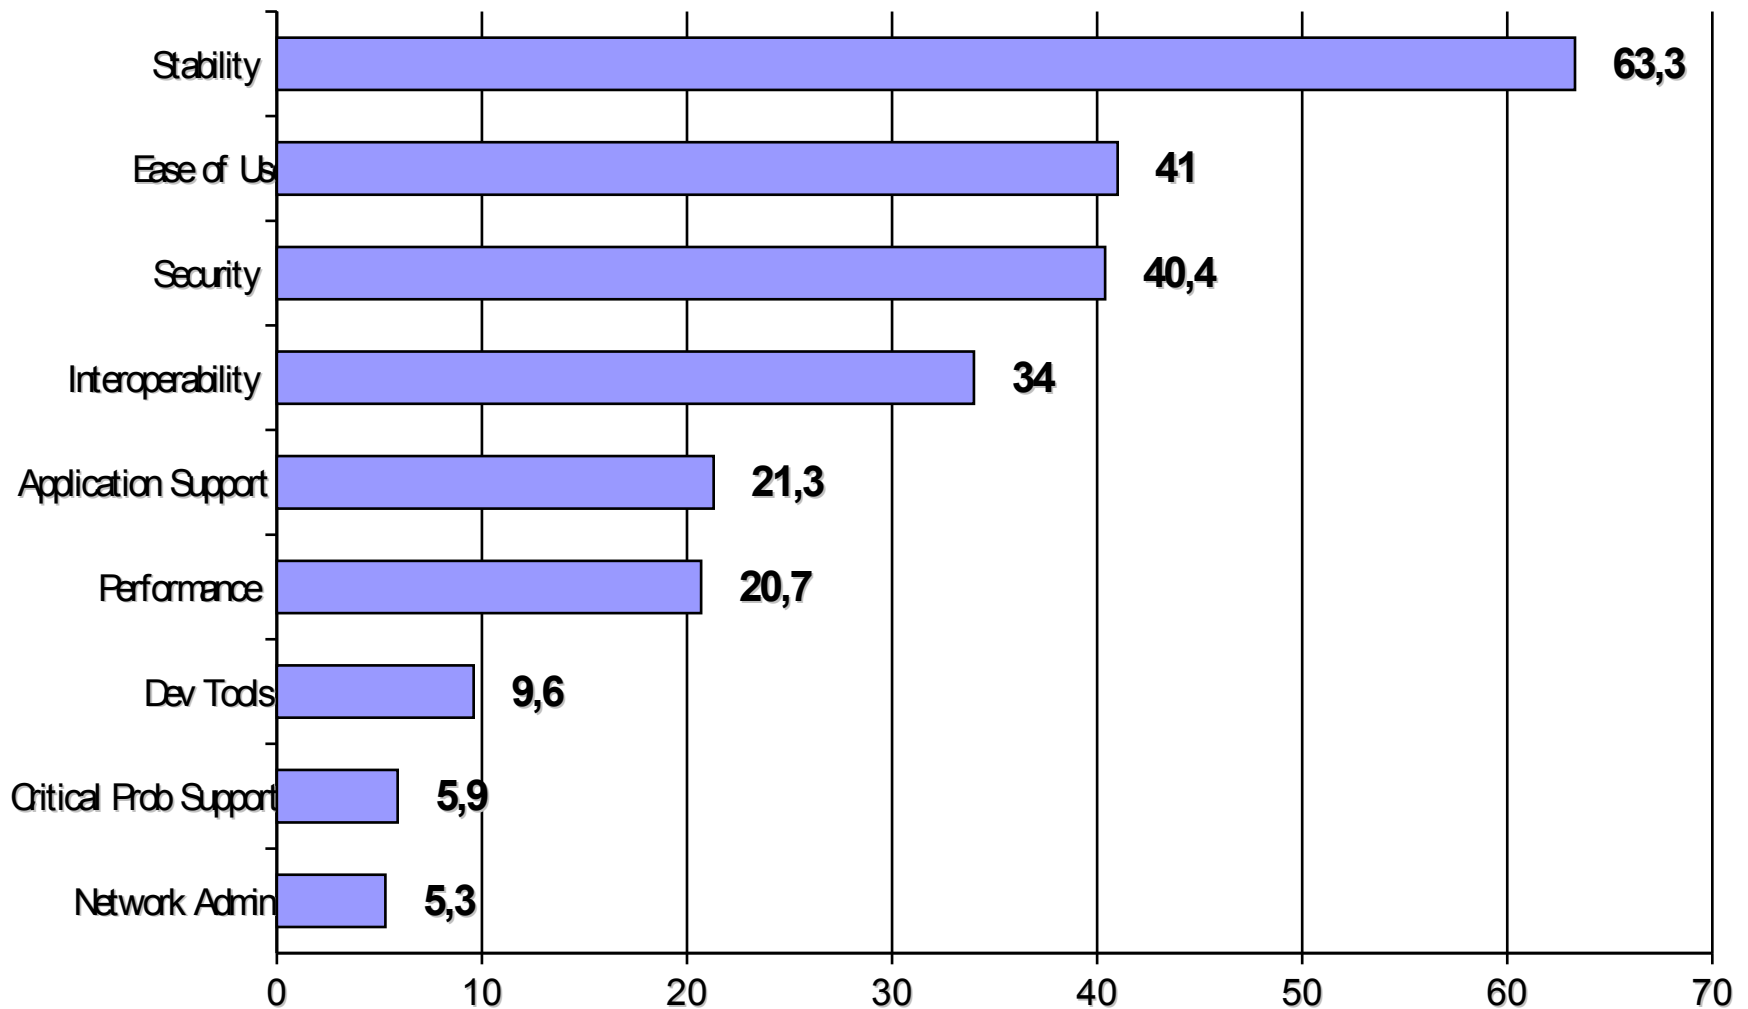

Trends – part 2

- Over 13.5 million downloads of OpenOffice.org
- Over 1 million registration page hits
- Over 3,000 posts per week now
- Over 30% of OpenOffice.org developers interested in the SDK SMB/SDK requirements
- 2002 LinuxQuestions.org Members Choice Award Winner
 - Office Suite of the Year - OpenOffice.org (83.60%)

Deployment breakout

Prioritized list to focus on

What's new?

- **OpenOffice.org 1.1 Beta availability**
 - Stability / Bug fixes
 - Improved MS Office interoperability
 - Native PDF export, Flash export from presentations
 - Macro Recorder, Database report wizard
 - Accessibility Features
 - Complex text layout
- **OpenOffice.org SDK to add capabilities**
 - Java APIs for cross platform capabilities (also C++, Basic, OLE Automation (VisualBasic, Delphi))
 - Integrated into Netbeans and Sun ONE Studio
 - Ability to add components to OpenOffice.org/StarOffice
 - Over 900 page developer's guide

What's new?

- An OASIS Technical Committee to standardize on an open, office file format (Boeing, Corel, Arbortext, ...)
- New development process
 - Easier to get your contribution in
 - CVS always consistent
 - Only tested child workspaces get checked into the master workspace
 - Allows both OpenOffice.org and StarOffice to use the same master workspace thus improving binary compatibility
- OpenOffice.org Test tool availability today

Companies shipping OpenOffice.org and/or StarOffice

- Red Hat Linux 8.0
- SuSE Linux 8.2
- SuSE Linux Office Desktop
- Lindows 3.0
- Knoppix 3.2
- Mandrake Linux 9.0 Standard Edition
- Mandrake Linux 9.0 PowerPack Edition
- Lycoris Productivity Pak
- Ximian
- Debian
- Turbo Linux 8.0 Workstation
- Yellow Dog Linux 2.3
- Zope
- Plone
- Icoya
- Sony PC's in Europe
- Geneva Tax Package
- Red Flag
- Sun Microsystems

StarOffice and OpenOffice.org

- Sun Goals

- Make all OpenOffice.org based products successful
- Make StarOffice the best OO.o based Enterprise solution available

- How to get there

- Work with the community
- Work with partners
- Invest own resources

- Differentiate

- Worldclass support
- Worldwide sales, partners, and channels
- Add 3rd party licensed technology
- Add enterprise features

Sun's plans

- StarOffice/StarSuite 6.1 Beta 1 release available today.
- General availability early fall.
- Deploy end-to-end Linux solutions
 - Desktop software solution
 - Enterprise backend (messaging, directory, calendar, identity, proxy, im, web) on Linux, Solaris, Solaris X86
 - Global sales and Enterprise class support
 - Leverage Sun's data center and systems expertise
 - Developer and ISV program

Sun's plans – part 2

- Sun priorities for OpenOffice.org 2.0
 - Microsoft Office Interoperability
 - Usability
 - Developer – Scripting, Security, Tools
 - Performance
 - Request for Enhancements, Bug Fixes
 - System Integration
 - Installation via Native Installers
 - Calendar Client – Glow
- Establish Community Council
 - Arbitrate in the interest of the community
 - Will be established during the Conference or very soon after

Enjoy the Show

- Sessions
 - Three sessions in parallel
- Exhibition
- Birds of a feather sessions (BOFs)
- Get to know each other

Have fun!
